Cell Biology,  
Biophysics and  
Bioinformatics

**BIO 2014**  
Warsaw  
9-12 September  
2014

**PTBF**

Poland's first large-scale meeting of scientific communities dealing with biological sciences:

the 49th Meeting of the Polish Biochemical Society (PTBioch)  
the 12th Conference of the Polish Society for Cell Biology (PTBK)  
the 16th Meeting of the Polish Biophysical Society (PTBF)  
and the 7th Meeting of the Polish Society of Bioinformatics (PTBI)

**Early registration till 8th July 2014**

**Congress venue:** the Auditorium Maximum and Old Library buildings, located at the main campus of the Warsaw University, at the beautiful historic district of Warsaw, adjacent to the Old Town, as well as to the modern city center. The official language of the Congress: English.

**Chair of the Organizing and Scientific Committees:** Prof. Urszula Wojda (Nencki Institute)

**Honorary Patronage:** Prof. Michał Kleiber, President of the Polish Academy of Sciences

**Plenary speakers:** 5 plenary lectures will be presented by renowned scientists with outstanding achievements, including **Nobel Prize laureates, Profs. John Gurdon and Aaron Ciechanover** (FEBS National Lecture).

**Program:** The program offers a rich array of sessions, from characterization of biomolecules through the cellular "omics" and functional cellular systems, up to stem cells and other specific cell types and their functions in norm and in disease states, in development and aging. This program will complement sessions on biotechnology, bioenergetics, biophysics, and bioinformatics, and several satellite sessions: 'EMBO and Poland' (lectures of the Polish EMBO Grantees), Science and Society (open lectures of the FNP laureates for popularization of science), 'Science and Business', and 'Women in Science'. Poster sessions, as well as practical workshops, company presentations and equipment exhibitions will sustain another important part of the Congress. Education points and attendance certificates available.
